#### **HOW OLD ARE YOU** BY YOUR HAIR?

You may be thirty in years, but if you are bald-headed, gray, or your hair is dry, brittle, scraggly and ugly looking, people will surely take you to be many years older. If you want a lot of good looking healthy hair, the roots must be immediately vitalized and kept properly nourished. To do this quickly, safely and at little expense, get from your druggist a bottle of Parisian Sage and use as directed. A little attention now will insure plenty of beautiful hair for years to come.

come.

Parisian Sage is guaranteed to keep away all dandruff, stop scalp itch and falling hair and stimulate a new growth, or money refunded. It's in great demand by women who It's in great demand by women who always "look their best" because it makes the hair so soft, lustrous, easy to arrange attractively and appear much heavier than it really is. A massage with Parisian Sage is a real delight—easy to use, not sticky and daintily perfumed—an antiseptic, clean liquid that does not change the natural color of the hair. People's Drug Stores will supply you and guarantee money refunded if you are not entirely satisfied.—Adv.

It's Easy Now to Curl Hair to Stay Curled

To curl the hair to stay curled, nothing quals the simple silmerine method. If equals the sample simerine method. If a little liquid silmerine be applied with a clean tooth brush before doing up the hair, the loveliest wavy effect imaginable will be in evidence in three hours, and this will last a long time, regardless of temperature or humidity.

humidity.

This harmless method is not to be compared with curling by means of a hot iron because, instead of injuring the hair, it is really beneficial. A few ounces of liquid skimerine, which may be procured at any drug store, will last for months. The best way is to divide the hair into strands and moisten each of them from root to tip. The curliness will look perfectly "natural," and the hair will be beautifully glosay, yet without the least greasiness or stickiness.—Adv.

## JURY INDICTS FIVE FOR CONSPIRACY II **INCOME TAX CASES**

#### Four Former Employes Of Treasury to Face District Court.

Five men, four recently connected with the income tax bureau of the Trassury Department, will be ar-raigned before the District Supreme Court Friday to answer indictments returned yesterday by the Federal grand jury, charging conspiracy to defraud the government. Hugh B. Sorrells, section unit auditor of the trading section of the

The indictment against Sorrells

alleges that he conspired with Sut-ton, the lawyer, to furnish him with the names of firms who had paid excess taxes, so that Sutton could solicit their business and get a commission for securing rebates from the government. In this connection the lawver is alleged to have visited Wagner Brothers, canners, of Baltimore, Md., after, it is al-leged, he had received information from Sorrells, and secured the canleged he got a rebate from the gov-ernment for them.

Dombhart, and Bondeson, who

quit the government service in the Ethel Clayton's picture, "Sham," which is the added matinee feature, is a delightful little romance woven around a girl who was always at her wits' end to keep up appearances, but met the right sweetheart and rose true to form.

It is clear interesting and next to the government service in the governmen son went to Chicago, Ill., and set up an office and held themselves out to be experts on tax matters. Then the indictment alleges, they got in touch with Weston and paid him the \$700 for his approval of a claim filed by the Lloyd Thomas Com-pany, engineers and appraisers, in space of seven days-the claim
